An agency of the European
Union

Dear Deolinda Silva,

Further to your submission of a notification for parallel distribution of the above-mentioned Centrally Authorised Medicinal Product, we hereby notify you that the regulatory check by the European Medicines Agency has now been completed.

We take this opportunity to remind you that a Centrally Authorised Medicinal Product may be distributed in parallel only if it is in conformity with the latest annexes to the Community Marketing Authorisation for the product. For this purpose, the Agency will prospectively provide such annexes to all parallel distributors.

It is the parallel distributor's responsibility to verify that their supplier of the medicinal product complies with the principles and guidelines of good distribution practices and that they hold an authorisation. Due diligence checks should be carried out in order to assess the suitability, competence and reliability of the other party.

Once a year you must send a completed annual update form and supporting documentation to the Agency for review, provided that the information supplied previously to the Agency has changed (e.g. change in repackager, package leaflet, labelling, etc.). The annual update notification should be completed per product, pharmaceutical form and Member State of Destination. In addition, you must submit safety updates relating to amendments to the Marketing Authorisation as communicated by the Agency.

We would also like to remind you that, according to the current case-law of the Court of Justice of the European Communities, the trade mark owner must be given advance notice by the parallel distributor that the repackaged product is to be put on sale. We should highlight that this regulatory check is without prejudice to the rights of the trademark owner.

Further information is available in the Post-Authorisation Guidance on Parallel Distribution on the Agency's website <http://www.ema.europa.eu>.

As of 1.2.2020, the UK is no longer an EU Member State. However, EU law still applies to the UK during the transition period.

The authenticity of this notice may be verified in the public register of parallel distribution notices on the IRIS website: <https://iris.ema.europa.eu/registerpd/>. If it does not appear, please contact the European Medicines Agency via ParallelDistribution@ema.europa.eu
